Another year has come to an end at St. Anthony School. The success of this 2018 – 2019 school year is due to the dedication and support of many individuals who come together to share their gifts and talents. We thank you for your commitment to our students!

- « Father Jaya for his spiritual leadership with our students.
- « The parish volunteers who have offered sacramental preparation for many of our students.
- « The CWL and K of C who have supported activities in our school, both financially and with donation of their time.
- « The parishioners who have prayed for our school and our students through monthly adoration in our chapel and in the parish.
- « The members of St. Anthony School Council for their time and commitment, and for their support of our many school events.
- « The Shark Park Playground Committee who have tirelessly continued to raise funds and community awareness for our "Shark Park". The park is now officially paid for!
- « The many community donors who have contributed to the Shark Park.
- « The many volunteers who help out in classrooms, supervise field trips and retreats, drive to sports games, help out with special activity days, books fairs, battle of the books, and supervise lunch so the staff can have a lunch together.
- « The coaches, both staff and community, who have dedicated your time to our various sports teams and clubs.
- « Michelle Koberinski and her volunteers who provided our hot lunch program this year.
- « The families and friends who came to watch and support our students for sporting events, concerts, assemblies.
- « The parents who work at home to support the learning of their children.
- « The community sponsors who have contributed to St. Anthony School either financially or through volunteering in the school.
- « The substitute teachers who play a tremendous role in the growth of our students.
- « The students who regularly give their time through volunteering in classrooms at lunch, for special school events, and help with daily tasks – they work daily to build the community of St. Anthony School.
- « The office staff who welcome, assist and guide our students, parents, and guests.
- « Our custodial and maintenance staff who proudly keep our school looking young.
- « The educational assistants in our classrooms who help and guide our students in so many ways.
- « The teachers who put in endless hours because of their dedication to each of the children our parents have entrusted to us.
- « Our school trustee, Sandra Bannard, and support from STAR Catholic School Division who oversee the "bigger picture" within which we exist.
- « Thank you Obsidian Energy for preparing & providing hot dogs and hamburgers at the Year End Barbecue.

I apologize if I have missed anyone. We thank you for contributing to another successful year and helping to create the loving community we call St. Anthony School.

This is also the time of year that we get ready to say goodbye to staff as they transition to new stages of their lives. This year we will be saying goodbye to Mrs. Haggerty and Mrs. Prentice who will be retiring at the end of this school year. We will miss them greatly, but wish them well as they take some time to enjoy their days ahead.

May God be with you as you travel, rest and enjoy time with your families this summer!

### Class Lists

Teachers will begin to create class lists for next fall. There are a number of factors that our professional staff try to balance when creating class lists. The following are some of the criteria that are critical in the placement decisions made by the teachers who were involved with the students during the school year: gender, compatibility with peers, social ability, academics, special needs and equality of class size. In addressing all of these factors, the teachers who are teaching the students this year have valuable input in creating the class lists for the upcoming year, then will collaborate with next year's teachers to finalize the lists. Lists will not be finalized until the end of August because there can be movement of students in and out of the community over the summer months creating imbalance in classes. Your children's teachers will be announced at the end of August with a phone call from their teachers. If you are planning on not returning to St. Anthony School in September, please let us know so that we can balance our class lists. Specific teacher requests are discouraged. However, if there are special learning needs that we are not aware of that should be taken into consideration, please put these in writing addressed to the principal.

Dear Parents,

Help Your Child Read This Summer! Summer reading—it's important! Research shows that kids who read four or more books over the summer are better prepared for the coming school year and do not go down the 'summer slide'—the loss of reading and learning skills during the summer break. Reading over the summer months really does make a difference to your child's learning. Here are five easy ways you can help your child reduce summer reading loss:

⇒ **Make reading important.**

Be a role-model for reading. Let your child see you reading throughout the day and use daily routines as reading opportunities. Cooking, reading TV listings, looking for information on-line, reading directions, or following a map all provide authentic reading experiences.

⇒ **Give your child the power of choice.**

Having reading materials available is key to helping kids love to read, and the reading materials kids choose themselves are best. In fact, 92% of children and teens say they are more motivated to read and are more likely to finish a book they have picked out. Help your child find texts that appeal to his or her interests, yet are age appropriate and 'just right' in difficulty.

⇒ **Set aside time to read every day.**

We know that the more kids read, the better they become at reading and the more they will enjoy reading. During the summer, encourage your child to read for at least 20 minutes per day. Make reading 'down-time'—an opportunity for family members to read together, either aloud or quietly to themselves. Keep track of progress by recording book titles, pages read, and minutes spent.

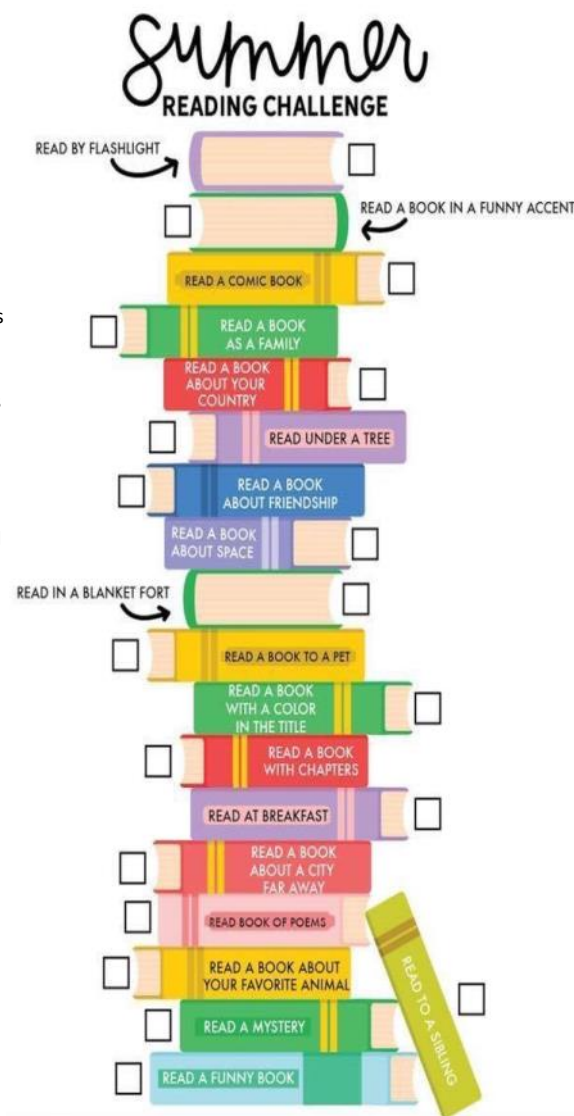

⇒ **Talk it up.**

Talking about books during and after reading helps improve comprehension. Encourage kids to share their ideas and opinions by asking open-ended questions. Talk about what you read to let them know that reading is an important part of your life. Tell them why you liked a book, what you learned from it, or how it helped you—soon they might start doing the same.

⇒ **Be part of a reading challenge.**

Most local libraries have summer reading programs that help engage and motivate readers. Kids set a goal, track books they read, and receive incentives for achieving goals. Summer programs also promote reading club opportunities where children can discuss and share books with others, either on-line or in person. You can even create your own family reading challenge.

Have a great summer, and happy reading!
